FROM C. A. ALI, ESQ., KHAN BAHADUR, *Registrar of Co-operative Societies, Bengal,*

TO THE SECRETARY TO THE GOVERNMENT OF BENGAL, CO-OPERATIVE CREDIT
AND RURAL INDEBTEDNESS DEPARTMENT.

Calcutta, the 10th April 1945.

SIR,

I have the honour to submit herewith the Annual Report on the working of Co-operative Societies in Bengal for the year ending 30th June 1944. The report has been prepared, as in the previous year, in its reduced form in view of the instructions contained in Co-operative Credit and Rural Indebtedness Department memo. No. 1273, dated the 20th April 1942, relating to preparation of Annual Administration Reports.

I have the honour to be,

SIR,

Your most obedient servant,

C. A. ALI,

Registrar of Co-operative Societies, Bengal.

Annual Report on the Working of Co-operative Societies in the Presidency of Bengal for the year ending 30th June 1944

Administration.

I held the post of the Registrar and Babu Bishnupada Bhattacharjee that of the Deputy Registrar of Co-operative Societies during the year. The post of the Personal Assistant to the Registrar was held by Babu Sarada Ranjan Dutta Gupta, a member of the Bengal Civil Service, till 10th January 1944 and then by Babu Nirendra Nath Basu, Assistant Registrar of Co-operative Societies, till the close of the year. The post of the Chief Auditor continued to be held by Babu Hem Chandra Das. The appointment of a Chartered or Incorporated Accountant to this post has not yet materialised due to the non-availability of a suitable candidate during the war time. The post of Special Officer for Co-operative Marketing was held by Babu Priya Kanto Roy as in the previous year.

Other staff.

(a) **General.**—(i) *Assistant Registrars.*—The number of territorial Assistant Registrars, as in the previous year, was 16 consisting of 13 departmental Assistant Registrars and 3 members of the Bengal Civil and Bengal Junior Civil Services. The equal proportion between the Assistant Registrars appointed from within the Department and those from the above services could not be maintained due to the greater demand of the services of the latter in the general line because of the exigencies of the war.

(ii) *Divisional Auditors.*—The number of Divisional Auditors attached to the offices of the territorial Assistant Registrars remained unchanged at 16.

(iii) *Inspectors.*—The total number of Inspectors maintained for inspection and audit of Co-operative Societies was 145 including 27 holding temporary posts. Seventeen Inspectors were employed exclusively on the running audit of the Provincial Bank, Central Banks and important Urban Banks and marketing societies.

(iv) *Auditors.*—The total number of Auditors were 273. There was no change in the strength. Thirty-two were employed exclusively on the running audit of Central and other important societies.

(v) *Assistant Auditors.*—The number of Assistant Auditors was 42 as in the previous year. They were generally employed on the audit of crop loan societies dealing with small seasonal advances.

(vi) *Supervisors.*—Seven hundred and eighteen Supervisors were employed by the Central Banks as against 713 of the previous year for supervision of their affiliated societies.

(b) **Special.**—(i) The post of Assistant Registrar for Industrial Societies maintained out of the Government of India grant for development of

handloom industry continued to be held by Mr. F. G. Sen. One Marketing Officer, 1 Designer, 2 Canvassers, 1 Slasher Sizer, 6 Weaving Experts and 13 Supervisors were also maintained out of the said grant.

(ii) The staff at the Co-operative Training Institute at Naogaon (Rajshahi) consisted of the Officer-in-charge (appointed from the rank of a Divisional Auditor), 2 Inspector-Instructors and 4 Auditor-Instructors as in the preceding years. The 5 peripatetic instructional units in the 5 Commissioners' Divisions—each consisting of one Inspector and one Auditor for holding refresher courses for the officers of the department and co-operative societies and for imparting training in principles of co-operation to the members of village societies—also continued throughout the year.

(iii) Nine Auditors of Co-operative Societies worked as Managers of the Co-operative Land Mortgage Banks. The Government paid subsidy to those of them which did not become self-supporting and to the extent their revenue income fell short of the cost of management.

(iv) *Supervisors.*—A staff of 10 Supervisors was maintained at Government cost for the supervision of the irrigation societies as in the previous year.

2. The departmental officers had to work under high pressure as they, in addition to their normal duties had to work as Chairman of Special Co-operative Debt Settlement Boards and assist in the distribution and collection of loans to and from the members of rural societies and also in the relief and rehabilitation measures undertaken by Government to meet the severe distress caused by the famine conditions in the Province. Their duties were rendered still more arduous by the constant supervision that they were called upon to exercise over the side-business in controlled commodities taken up by co-operative societies in the interest of equitable distribution thereof.

Agricultural conditions.—Weather conditions were generally favourable and the outturn of both *bhadai (aus)* and winter (*aman*) paddy crops was satisfactory. In fact, a bumper *aman* harvest was gathered and the distress arising out of famine conditions prevailing almost throughout the first half of the year relieved. The jute and the sugarcane also fared well on the whole.

Condition of the agriculturists.—During the earlier part of the year the price of paddy and rice soared like anything due to scarcity caused by material failure of the crop and the benefit was derived by the more substantial section of the agriculturists, others being involved more or less in distress. The price of the commodity was controlled by Government in the latter part of the year and a ceiling price fixed which still gave sufficient return to the agriculturists. The market of jute was not, however, in keeping with that of the food crops and placed the agriculturists in the jute-growing areas at a considerable disadvantage.

†Four hundred and eighty-one of them are working more or less as credit societies.

‡These classes of societies have been transferred from Non-agricultural to Agricultural Societies, as most of the members of these Societies are agriculturists.

Societies.—The total number of all classes of societies fell from 41,265 to 41,044. The number of Central Banks remained stationary at 119. The number of Producers' Unions rose from 16 to 17 by the addition of one such union established in the district of Jessore under the name of "the Maminagar Co-operative Industrial Union, Ltd." The number of agricultural societies increased from 38,197 in the previous year to 39,495 in the year under report. This is chiefly due to the anti-malarial and the better-living societies which used to be previously classified as non-agricultural societies, being included in "agricultural" societies. This change in classification was rendered necessary by the fact that the majority of members in those two classes of societies are agriculturists and as such they come under the category of an "agricultural" society as defined in the Bengal Co-operative Societies Rules, 1942.

The number of non-agricultural societies fell from 2,930 to 1,470 mainly due to the change in the classification of the anti-malarial and better-living societies as stated above. The number of purchase and sale (stores) societies increased from 63 to 185, there being greater demand for such societies largely due to essential commodities not being readily available in the market under the existing war conditions.

Membership.—The total number of individual members of all classes of societies increased from 1,401,565 to 1,436,293. The increase is chiefly due to the formation of more stores and to the rise in membership in the marketing societies.

Working capital.—The sources of capital of the different classes of societies are indicated in the statement below.

Percentage of owned capital to total working capital.	45·35	47·57	11·49	13·90	34·22	34·50	35·28	35·99

The total working capital of all classes of societies rose from Rs. 2,104.90 to Rs. 2,163.07 lakhs, the percentage of increase being 2.8. The rise was prominent in the case of the Provincial Bank and the Central Banks. The working capital of the former increased from Rs. 255.22 lakhs to Rs. 271.63 lakhs and of the latter from Rs. 563.34 to Rs. 596.09 lakhs. The rise in the case of the Provincial Bank is mainly accounted for by the increase in the amount of deposits received and in the case of the Central Banks by the increase both in deposits and loans. The working capital of non-agricultural societies also rose from Rs. 664.18 to Rs. 693.20 lakhs as a result of increase in their share capital, reserve and other funds and deposits. The working capital of primary agricultural societies decreased from Rs. 605.70 to Rs. 600.51 lakhs mainly due to repayment of loans of Central

Banks. The working capital of Land Mortgage Banks declined from Rs. 6.35 to Rs. 5.97 lakhs. The decline was mainly due to recovery of loans and repayment of the same to the financing bank and decrease in demand for fresh loans.

Owned capital.—The percentage of owned capital to working capital showed an increase in the cases of the agricultural societies, Land Mortgage Banks and non-agricultural societies. There was also slight increase in this respect in the case of the Provincial Bank. The percentage, however, decreased in the cases of Central Banks, Producers' Unions and Bengal Co-operative Alliance.

Members' and non-members' deposits.—The statement below shows the position of deposits held by members and non-members.

Year.	Deposits in Agricultural Societies. (Figures in lakhs.)				Deposits in Non-Agricultural Societies. (Figures in lakhs.)			
	Members (in lakhs.)	Percentage.	Non-members (in lakhs.)	Percentage.	Members (in lakhs.)	Percentage.	Non-members (in lakhs.)	Percentage.
1942-43 ..	17.08	56.5	13.82	43.5	159.72	37.6	265.13	62.4
1943-44 ..	18.09	52.3	16.46	47.7	183.74	41.55	258.44	58.45

In non-agricultural societies the members' deposits increased perceptibly but the non-members' deposits showed a decline. In agricultural societies there was slight increase both in the members' and non-members' deposits.

Loans.—A statement showing issue and recovery of loans to and from affiliated societies of Central Banks is appended below:—

(Figures in lakhs.)

Year.	Loans outstanding at the beginning of the year.	Loans granted to societies during the year.	Loans paid by societies during the year.	Percentage recoveries to total loans.	Loans outstanding at the end of the year.	Interest outstanding.
1942-43 ..	308.90	33.92	33.52	10.3	304.70	194.59
1943-44 ..	304.70	33.00	44.05	13.04	280.63	205.90

Loans to the extent of Rs. 33.00 lakhs were issued to the societies as against Rs. 33.92 lakhs of the previous year. Recoveries amounting to Rs. 44.05 lakhs showed an excess over issue by Rs. 11.05 lakhs as against Rs. 1.60 lakhs of the previous year. This was due to the improvement in the repaying capacity of the members by the rise in prices of agricultural commodities.

Issue and recovery of loans to and from members of agricultural credit societies.—A statement showing issue and recovery of loans to and from members of agricultural credit societies other than Land Mortgage Banks is given below:—

(Figures in lakhs.)

Year.	Total outstanding loans at the beginning of the year.	Loans granted to members during the year.	Recoveries during the year.	Total outstanding at the end of the year.	Of which overdue.	Percentage of overdue.
1942-43 ..	352.04	31.51	37.10	346.45	308.07	88.9
1943-44 ..	346.45	26.03	47.33	325.15	290.61	89.3

*Excluding realisation by paper transaction.

Loans to the extent of Rs. 26.03 lakhs were issued to the members of agricultural credit societies as against Rs. 31.51 lakhs of the previous year. The recoveries amounted to Rs. 47.33 lakhs as against Rs. 37.10 lakhs of the preceding year. The fall in issue and rise in recovery of loan were due to the high prices of agricultural commodities placing the members in advantageous position.

Percentage of overdue to loans due by members.—The statement below shows the percentage of overdue to the total loan due by members of agricultural and non-agricultural societies excepting Land Mortgage Banks:—

Year.	Agricultural societies.*			Non-agricultural societies.		
	Loans due by individual members (in lakhs.)	Of which overdue (in lakhs.)	Percentage of overdue.	Loans due by individual members (in lakhs.)	Of which overdue (in lakhs.)	Percentage of overdue.
1942-43 ..	344.36	308.87	89.7	492.81	59.38	12.0
1943-44 ..	322.62	291.53	90.3	514.40	59.29	11.5

*Excluding Land Mortgage Banks.

The percentage of overdues slightly rose from 89.7 to 90.3 in the case of agricultural societies and declined from 12.0 to 11.5 in the case of non-agricultural societies. The position in the case of agricultural societies did not improve in spite of larger recoveries of loans made. This is explained by the fact that the very bulk of the investments of those societies was overdue and larger collections, though effected, did not make any impression on the percentage of overdues. On the other hand, fresh loans were defaulted to a certain extent in jute-growing areas where the members were at a disadvantage due to the price of jute being considerably low compared with other agricultural products.

Land Mortgage Banks.—The statement B-1 shows the operation of Land Mortgage Banks. Loans issued amounted to Rs. 65 lakhs as against Rs. 33 lakhs of the previous year. The Comilla

Land Mortgage Bank on account of its proximity to the war zone did not consider it advisable to issue any fresh loans. The Land Mortgage Banks had been handicapped in the matter of issue of loans for want of finance during the previous year. The provision of finance since made by Government enabled them to make larger investments during the year under review. There was, however, no considerable demand for loans due to the prevailing agricultural prosperity. Rs. 1.07 lakhs was recovered on account of principal as against Rs. .86 lakhs of the previous year. The overdues, however, increased from Rs. .22 lakhs to Rs. .33 lakhs largely due to defaults by members in the jute-growing areas.

Classification of agricultural credit societies.—The following table shows the classification of agricultural credit societies:—

Agricultural Credit Societies other than grain banks.

The number of Boards decreased from 206 to 202 due to the dissolution of 4 of them on completion of their work.

The fall in the number of applications is partly accounted for by the fact that the members now seem more inclined to make amicable payment of their dues by direct negotiations with the societies in view of their improved repaying capacity. Those who have not yet applied to the Debt Settlement Boards for settlement of their debts are being urged either to do so without further delay or clear off their dues by lump payment in negotiation with the creditor societies. Steps are also being taken to secure more expeditious disposal of pending cases by the Debt Settlement Boards.

Profit and Loss and Revenue Income of the Provincial Bank, Central Banks and other societies.—The Bengal Provincial Co-operative Bank, Ltd., worked during the year with a cash surplus of Rs. 1.03 lakhs as against a deficit of Rs. .72 lakhs of the previous year. The cash surplus of the Central Banks was Rs. 17.72 lakhs and their expenses amounted to Rs. 15.18 lakhs as against Rs. 15.27 lakhs and Rs. 13.16 lakhs respectively of the preceding year. Forty-three Central Banks could not fully meet their revenue expenses out of income actually realised as against 54 Central Banks of the previous year. The deficit was prominent in the cases of the (1) Faridpur, (2) Nabinagar, (3) Daudkandi-Gouripur and (4) Bogra Central Banks. The Padmapara, Nabinagar, Hatiya, Chakkar and Chuadanga Central Banks worked at a loss. The scaling down of debts of the member of the primary credit societies by the Debt Settlement Boards has adversely affected their revenue income and for that matter the revenue income of the Central Banks. The Central Banks are, however, generally working now as Government agents for distribution of controlled commodities and standard cloth and are thereby earning profit which goes a great way to compensate the deficit in income from their normal sources.

Of the five old land mortgage banks, those at Comilla, Mymensingh and Birbhum worked at a

profit. The Pabna Land Mortgage Bank incurred a loss of Rs. 837 as against Rs. 298 of the previous year due to shrinkage in investments. Similarly, the Jessore Land Mortgage Bank worked at a loss of Rs. 1,845 as against Rs. 1,276 of the previous year. The business of the old Land Mortgage Banks has suffered contraction and the expansion of the business of the new ones has been slow due to the agriculturists being now placed in an advantageous position by the considerable rise in prices of agricultural commodities.

The agricultural credit societies other than land mortgage banks were left with a deficit of Rs. 10.39 lakhs in their assets in relation to their liabilities as against Rs. 8.68 lakhs of the previous year. This deficit was mainly the result of scaling down of debts of their members by Debt Settlement Boards while their liabilities to the financing banks remained unaffected.

The agricultural purchase and sale societies including multi-purpose (marketing) societies earned a profit of Rs. 5.44 lakhs as against Rs. 5.69 lakhs of the previous year. The Bakarganj Sundarbans Central Co-operative Sale and Supply Society, Ltd., with its Rice Mill and the Match Factory which had earned a profit of Rs. 1,83,628 in the previous year under the exceptionally favourable conditions incurred a loss of Rs. 14,010 during the year under review. This reverse was occasioned by the fact that unlike the previous year it could not carry on its normal business due to control of prices and restriction in movements of agricultural commodities and whatever business it did was in connection with the Government scheme for procurement of paddy and rice. The margin allowed to the society was very slender and was in actual practice found to be unworkable. The society had to sit idle for the greater part of its working year. The Central Co-operative Paddy Sale Society earned a profit of Rs. .07 lakhs as against Rs. .13 lakhs of the previous year. The Calcutta Co-operative Milk Societies Union earned a profit of Rs. .14 lakhs as in the previous year. The Industrial Unions earned a total profit of Rs. .47 lakhs as against

Rs. 74 lakhs of the preceding year. The profit of the Provincial Co-operative Industrial Societies' Union increased from Rs. 15 lakhs to Rs. 28 lakhs, but that of the Bagerhat Co-operative Weaving Union fell from Rs. 47 lakhs to Rs. 46 lakhs only as it was mostly engaged on execution of war orders which were secured on "no profit no loss" basis only to provide work to the distressed weavers.

The profit of non-agricultural credit societies amounted to Rs. 10.09 lakhs as against Rs. 10.10 lakhs of the previous year.

Audit fee.—The total assessment of audit fee during the year under review was Rs. 4.97 lakhs as against Rs. 4.96 lakhs of the preceding year. There was an improved realisation of Rs. 4.90 lakhs as against Rs. 3.83 lakhs of the previous year. The expenditure incurred for the maintenance of the audit staff was the same as in the previous year, viz., Rs. 5.74 lakhs. The amount charged to the audit fee fund was Rs. 5.35 lakhs. The balance of Rs. 35 lakhs was debited to provincial revenue on account of anti-malarial and infant societies (societies less than 18 months old) which are exempted from paying any audit fee. The total arrear audit fees stood at Rs. 13.79 lakhs at the close of the year as against Rs. 12.30 lakhs of the previous year. The actual assessment of audit fee fell short of the amount charged to the audit fee fund. To remedy this defective position a proposal to revise the existing rates of audit fee with reference to the various classes of societies is under consideration.

Liquidation.—The following tables shows the state of progress of liquidation:—

(Figures in lakhs.)

Year.	Gross collection in all liquidated societies.	Liabilities met.		Audit fee paid.	Management cost.			Total disbursement.
		Central Banks.	Others.		Pay of establishment.	Other.	Total.

1943-44	2.66	1.20	.86	.25	.20	.15	.35	2.25

Year.	Number liquidated during the year.	Number whose liquidation proceedings closed.	Total number of liquidated societies at the end of the year.	Total liabilities at the beginning of the year.		Total liabilities at the end of the year.	
				Outside.	Other.	Outside.	Other.
1942-43	230	45	1,822	57.82	30.03	56.00	29.75
1943-44	98	105	1,815	62.80	84.57	61.91	37.94

During the year under report 98 societies were placed under liquidation as against 230 of the previous year. Collection showed a fall in comparison with that of the last year. The collection of audit fee from the liquidated societies, however, improved from Rs. 17 to Rs. 25 lakhs. The liquidation proceedings of 105 societies were closed during the year.

Government assistance to the movement.—The Government of India grant for the development of handloom industry as allotted to this Province during the year amounted to Rs. 1,09,160 as against Rs. 1,03,528 of the preceding year. Out of this Rs. 82,580 was allocated to this Department and the rest to the Department of Industries. This was the ninth year of the grant. The amount

actually disbursed during the year was Rs. 96,748 as against Rs. 53,523 of the previous year so far as this department is concerned.

The Bengal Provincial Co-operative Bank, Ltd., received from the Provincial Government the eighth instalment of the annual grant of Rs. 2 lakhs to enable it to write off the losses it sustained in its dealing with the Jute sale societies. The salary of the Special Officer attached to the Bank was also met by Government.

The entire cost of management of the four new Land Mortgage Banks as also the deficit in meeting such cost in the cases of Jessore and Pabna Land Mortgage Banks was met out of the Provincial Revenue. The grants made to societies composed of backward classes for the maintenance of clerical staff for keeping their accounts amounted to Rs. 1,933 as against Rs. 1,982 in the previous year.

The Sale and Supply Society in the Chittagong Hill Tracts received a grant of Rs. 1,136 as against Rs. 673 of the previous year to meet the cost of its staff.

General.—The Central Banks followed a policy of recovery, as best as possible, of their frozen debts due from the old societies and of issuing short-term loans in deserving cases. The recovery of frozen debts considerably improved specially due to high prices of agricultural commodities prevailing during the latter part of the year. There was no great demand for fresh loans. The Central Banks greatly interested themselves in the Government Schemes of Procurement and Distribution and participated in the procurement of paddy and rice and distribution of essential commodities.

The Co-operative Debt Settlement Boards maintained their progress in the scaling down of debts of the members according to their paying capacity and provided easy instalments for payment of the same.

The development of co-operative marketing was an important part of the policy followed during the year. Some of the paddy marketing societies did particularly well in their business and propose to set up their own rice mills.

The co-operative marketing of English vegetables grown in the district of Darjeeling was a new development in the marketing side of the movement. Large quantities of such vegetables were supplied to the military establishments and the Calcutta market.

Greater attention was paid to the development of the fishery societies to meet the increased demand for fish.

An important development of the year was the organisation of a Cattle Improvement Society at Parbatipur. It has opened a veterinary dispensary for the benefit of the cattle of its members.

On the non-agricultural side the stores movement gained in strength. Eleven Co-operative stores in Calcutta have been included in and are functioning under the Rationing Scheme.

War orders for supply of textiles of the value of Rs. 6½ lakhs were executed by the Weavers' societies. This not only gave relief to the weavers at the time of distress but also helped them in acquiring valuable experience in the production of standardised goods.

Official and non-official assistance.—The District and the Subdivisional Officers, as usual, showed sympathy and interest for the movement.

The non-official co-operators also rendered valuable assistance.
